

## Understanding Your Advisement Report PDF

Your **Advisement Report PDF** is the university's official record of your progress toward degree completion, based on your specific major(s), minor(s), and the year in which you first enrolled at the University. You can generate an updated PDF at any time in your [UAccess Student Center](#).

Once your Advisement Report PDF loads on the page, always select the **View Report as PDF** option.

Your Advisement Report PDF begins with a summary of important information, including:

- **Cumulative, major, and minor GPAs.**
  - A 2.0 minimum GPA is required in each category for graduation.
- **Total units and Upper-Division (UD) units.**
  - The total units column includes units that are completed, in-progress, and/or units a student has enrolled in for a future term.
  - In this example, the student has 84 “total units”, and 18 “in progress units.” This means that the student only completed 66 units but is on track to have 84 units, if they successfully complete all courses they have registered for.
- All students need a minimum of 120 total units to graduate.
- All students need at least 42 UD units (upper division = 300/400 numbered courses), to graduate.

In the example below, you can see a student's **Humanist** requirement shows as **satisfied** because they are currently enrolled in the RELI 280 course (as indicated by the IP – In Progress notation.) If the student dropped or failed their RELI 280 course, the section would revert to "**Not Satisfied**".
