OF ARIZONA

157TH ARIZONA COMMENCEMENT

College of Social and Behavioral Sciences

Convocation Ceremony

May 18th, 2021

Livestream: commencement.arizona.edu

The College of Social and Behavioral Sciences, “The People College,” focuses on people and their connections with each other, their pasts, and the world around them to better understand the complexity that shapes their daily lives.

Nine of our graduate programs are ranked in the top 25 in the nation by the National Research Council and *U.S. News & World Report*.

THE COLLEGE OF SOCIAL AND BEHAVIORAL SCIENCES

equips its students with the critical thinking and problem-solving skills needed to understand the human condition. Through classroom education and practical application, SBS graduates can harness their research skills and apply them to real-world contexts. More than ever, society needs interdisciplinary and global thinkers who can address the world's collective challenges through work in public service and private industry. We hope that what all SBS graduates have learned at the University of Arizona will put them on a path toward fulfillment, prosperity, and service.
